

# Chapter Growth & Expansion Report

This report provides an analysis of chapter growth and expansion across different regions. The charts below highlight student recruitment trends, the impact of events on growth, and chapter-level performance month by month. These insights can guide future outreach, resource allocation, and recruitment strategies.

Recommendation: Focus recruitment efforts on high-performing chapters while providing additional support to underperforming ones. Events have shown a strong correlation with new student growth, so continued investment in event-driven outreach is recommended.
